Dear Ms. Kamnikar,

The St. Vrain Valley Community Watchdogs would like to request a copy of the permit that your department issued to Southdown Corporation-Lyons for disposal of CKD in the company's new site--Pit C.

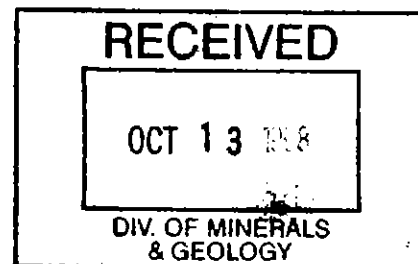

We are concerned that this Pit may be unlined, unmonitored, and that CKD by-products may be leaching out into the St. Vrain River and into our water table. Please send us a copy of this permit as well as the control plan for inspections, water testing, and any other safeguards that your department has implemented.

Sincerely,

St. Vrain Valley Community Watchdogs Steering Committee
