An onsite wastewater treatment system (OWTS) permit has not been issued by Boulder County Public Health for the 3-bedroom home from 1960 located on the western side of this property.

Boulder County Public Health has no documentation on size, location or adequacy of the onsite wastewater treatment system (OWTS). The property owner must apply for an OWTS major repair permit for continued use of the system.

The cement plant does have approved OWTS permits.

If you have any questions, please do not hesitate to call Jessica Epstein at (303) 441-1138. For additional information on OWTS, refer to the following website: **www.SepticSmart.org**
