Copy of Reg. #2 issued _____

Sanitarian Don F. Marmorde

The acceptance of the above location by the Health Department for the proposed installation of a sewage disposal system does not relieve the owner, agent, or other parties of the responsibility of proper placement of the proposed structures in regard to topography, well location, streams, water lines, drives and building, etc. Adequate usable area must be provided for the installation of a sewage disposal system. THE UNDERSIGNED APPLICANT (OWNER OR AGENT) DOES HEREBY AGREE TO COMPLY WITH THE BOULDER CITY-COUNTY REGULATION #2 PERTAINING TO SEWAGE DISPOSAL SYSTEMS AND APPLICABLE STATE LAWS AND REGULATIONS.

IMPORTANT

IF YOU MAKE A MISTAKE AND DO NOT HAVE PROPER SETBACKS, IT IS ALMOST IMPOSSIBLE TO OBTAIN EITHER TITLE INSURANCE OR A MORTGAGE LOAN.

BE ABSOLUTELY SURE WHEN PLACING ANY STRUCTURE ON A LOT OR PARCEL OF LAND THAT YOU ARE COMPLYING WITH BOULDER COUNTY'S SETBACK REQUIREMENTS FOR THAT PARTICULAR ZONE.

NEVER ASSUME THE LOCATION OF A PROPERTY LINE.

NEVER MEASURE FROM THE EDGE OR FROM THE CENTER OF A ROAD BECAUSE THE ROAD MAY NOT BE IN THE CENTER OF THE ROAD RIGHT-OF-WAY.

IF THERE ARE ANY DOUBTS ABOUT WHERE YOUR PROPERTY LINES ARE, HIRE A REGISTERED SURVEYOR TO ESTABLISH THOSE LINES.

OCTOBER 29, 1973

INTER-OFFICE MEMORANDUM:

TO: VINCE PORRECA
FROM: JOE FRENCH

SUBJECT: MARTIN MARIETTA PROPOSED COAL SILO

IN OUR OPINION, SECTION 18-3(1) OF THE ZONING RESOLUTION EXPRESSLY EXCLUDES A COAL SILO, SUCH AS THE ONE PROPOSED BY MARTIN MARIETTA, FROM THE BUILDING HEIGHT RESTRICTIONS OF A G. I., GENERAL INDUSTRIAL DISTRICT. IT SEEMS TO BE THE INTENT OF THAT SECTION TO DEAL WITH MISCELLANEOUS STRUCTURES, OTHER THAN THOSE USED FOR HOUSING PEOPLE AND ANIMALS. THE EXCLUSION WOULD APPLY WHETHER THE 'SILO' IS ACTUALLY A SILO OR A CHIMNEY AS ANTICIPATED BY THE ZONING RESOLUTION.

This would be a roofed structure

MOREOVER, WE HAVE SOME DOUBT WHETHER THE BUILDING HEIGHT RESTRICTION WOULD BE APPLICABLE, EVEN IN THE ABSENCE OF SECTION 18.3, SINCE THE ZONING RESOLUTION SEEMS TO REQUIRE A STRUCTURE TO HAVE A ROOF BEFORE IT IS CLASSIFIED AS A 'BUILDING'. THIS POINT IS DEBATABLE AND IS NOT NECESSARY TO THE INTERPRETATION IN THIS INSTANCE.

HOWEVER, I DO NOTE THAT THE LONGMONT AIRPORT AIMS TOWARD THE PROPOSED SITE OF THE SILO AND, THEREFORE, IT MAY BE THAT SECTION 18.3(3) WOULD PROHIBIT THE PROPOSED CONSTRUCTION. I DOUBT THAT THIS IS THE CASE, BUT YOU WILL WANT TO MAKE THAT DECISION.

RE: Building Permit

Dear Mr. Porreca:

Due to the fuel shortage, our plant has to convert to coal. This means our company will have to install a spur track, along with tunnels, conveyors, elevators, pulverizers and silos. This coal silo will be 56 feet in diameter and 137 feet high.

We are attaching a drawing showing the location of the equipment that we are going to install. We would appreciate receiving the necessary forms to fill out so that we can obtain our permit. We hope to have this equipment installed and operating by November 1974.

If you have any question concerning the above, please let us know.

Very truly yours,

MARTIN MARIETTA CEMENT
