

**MINUTES**  
**City of Evans**  
**City Council Regular Meeting**

August 18, 2026  
7:00 p.m.  
City Council Chambers

Council Members: Mayor Clark  
Mayor Pro-Tem Pletka  
Council Member Johnson  
Council Member Neal  
Council Member Crabtree  
Council Member Delaney  
Council Member Lopez

---

1. **CALL TO ORDER**

Mayor Clark called the meeting to order at 7:00 p.m.

2. **PLEDGE OF ALLEGIANCE**

3. **ROLL CALL**

4. **AWARDS AND RECOGNITIONS**

4.a **August 2026 Yard of the Month**

Moved by Council Member Delaney to approve the Retail Liquor Store Liquor License for Evans Liquor LLC, located at 3313 35<sup>th</sup> Avenue, Unit B. There was no second to the motion so the motion died on the floor.

**8.b Consideration of a Development Agreement with Mountain Cement Company**

Edward Bull IV, City Attorney, reviewed the item as detailed in the agenda packet and provided an overview of the Development Agreement as detailed in the agenda item staff report. Staff recommend City Council approve the Development Agreement.

Council Member Neal asked staff what the length of the portion of roadway is. Edward Bull IV responded that it is approximately 6,900 feet.

**Moved by:** Mayor Pro-Tem Pletka

**Seconded by:** Council Member Delaney

*"I move to approve the Development Agreement between the City of Evans and Mountain Cement Company."*

AYE (7): Mayor Clark, Mayor Pro-Tem Pletka, Council Member Johnson, Council Member Neal, Council Member Crabtree, Council Member Delaney, and Council Member Lopez

**Motion Carried (7 to 0)**

**8.c Public Hearing: Consideration of Ordinance No. 869-26 - Accepting Public Road Right-of-Way (MCC - First Replat) - 1st Reading**

Mayor Clark opened the public hearing at 7:23 p.m.

Michael Hall, City Planner, reviewed the item as detailed in the agenda packet and provided an overview of the Ordinance accepting the public road right-of-way as detailed in the agenda item staff report. Staff has reviewed applicable Evans Municipal Code sections, and found the applicant's request meets the requirements, procedures, and criteria for approval. Staff recommends City Council approve Ordinance Number 869-26.

Mayor Clark asked if there was anyone in the audience wishing to speak for or against this item. There were none.

Mayor Clark closed the public hearing at 7:26 p.m.

Council Member Neal stated that he is glad this ordinance will be clearing this issue up and consolidating this piece of land.

**Moved by:** Council Member Delaney

**Seconded by:** Council Member Crabtree

*“I move to approve Ordinance Number 869-26, as proposed on first reading.”*

AYE (7): Mayor Clark, Mayor Pro-Tem Pletka, Council Member Johnson, Council Member Neal, Council Member Crabtree, Council Member Delaney, and Council Member Lopez

**Motion Carried (7 to 0)**

**8.d Consideration of Resolution Number 24-2026, Designation of Four Automated Vehicle Identification System (AVIS)**

Randall Darlin, Chief of Police, reviewed the item as detailed in the agenda packet and provided an overview of the Resolution establishing AVIS corridors as detailed in the agenda item staff report. Staff requests that City Council adopt Resolution Number 24-2026 designating: (1) 37th Street from 65th Avenue to Highway 85; (2) 42nd Street / Prairie View Drive from 35th Avenue to Highway 85; (3) 11th Avenue from the southern edge of the Highway 34 intersection, excluding that intersection, to and including 37th Street; and (4) 35th Avenue from the northern Evans municipal boundary to 49th Street, in the directions stated above, as AVIS corridors pursuant to C.R.S. § 42-4-110.5 and Evans Municipal Code § 10.04.119. Staff further requests that Council find each designation reasonably related to improving traffic safety and supported by the quantitative evidence contained in the applicable assessment and administrative record.

Council Member Johnson asked staff to describe the type of system AVIS is and to distinguish the difference between this LPR system and other LPR systems. Chief Darlin responded that there will be two systems that will go into place. One is a fixed system and one is a mobile trailer. Both use LPR technology but not the LPR technology that concern most people, the Flock system. The technology is very similar. The difference is live notification to law enforcement through the cameras. The AVIS cameras go into the streets, there is signage that lets you know that the equipment is within 300 feet of the signage. If a vehicle is captured speeding within the area, there is a license plate read. That license plate read is eventually sent to the Police Department for confirmation of the violation of speeding. There is not a live read of a license plate to notify law enforcement that there is a warrant for an arrest, that the vehicle is stolen, there is no amber or senior alert sent from the license plate reads. The information is read specifically to the radar detection device and whether or not someone is speeding within that area. That information is then collected, correlated and anyone that was identified as traveling at 11 miles an hour or more over the speed limit is then identified through the license plate technology and then verified against the owner of the vehicle. That information is then brought to the Police Department for a secondary check to determine if it is an actual speeding violation. Once it is
