Re: Permit Nos.: 77-208; 77-341; and 77-361

Dear Sir or Madam:

As you know, Southwestern Cement Enterprises, Inc., doing business as Southwestern Portland Cement Company, a wholly-owned subsidiary of Southdown, Inc., operates a cement manufacturing facility in Lyons, Colorado.

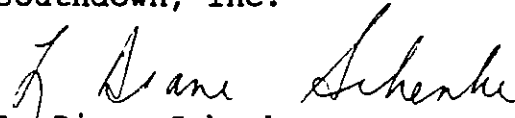

This letter is to inform you that Southdown, Inc. is in the process of consolidating its cement and concrete products operations. As part of that consolidation, Southwestern Cement Enterprises, Inc. will be merged with and into Southdown, Inc., its parent company, effective by April 30, 1991. The merger will not result in any change in personnel or current operations at the Lyons facility, and the facility will continue doing business as Southwestern Portland Cement Company, a division of Southdown, Inc. By operation of law, after the merger all of the liabilities and obligations of Southwestern Cement Enterprises, Inc., as well as all of its assets, franchises, rights and privileges become those of Southdown, Inc.

Please make any necessary annotations to reflect the name of Southdown, Inc. in the records for each permit listed above for the Lyons facility.

Please call Bob T. Weeks at (303) 443-5887 or me at (713) 653-6827 if you have any questions, or if you would like additional information.

Sincerely,

Southdown, Inc.

L. Diane Schenke
