Dear Mr. Anderson

Upon reviewing your application for a Mining and Reclamation Permit, dated Sept. 29, 1977, the staff has determined that it is deficient under the Colorado Mined Land Reclamation Act, Article 32 of Title 34, C.R.S. 1973, as amended (1976 Sess. Laws - H.B. 1065).

The following items must be submitted in order for the application to be considered as filed:

Source of legal right to enter -
a lease, deed or notarized letter is
needed to show that you have the
legal right to enter.

If you have any questions concerning this matter, please feel free to call this office. As the Reclamation Specialist for your area, I will be glad to assist you.

Sincerely,

James J. Lunning
