RECLAMATION ANNUAL REPORT

LARIMER COUNTY QUARRY

LYONS, COLORADO

PERMIT NO. 77341

Recp 10207

The purpose of this report is to comply with the Mined Land Reclamation Act of 1976, Statute 34-32-112 of House Bill 1065. This report follows the outlined requirements found in the Rules and Regulations of the Colorado Mined Land Reclamation Board, Section 2.4, covering annual reports. The Permit No. 77341 for Larimer County Quarry was issued 6-4-78 and ammended on 9-25-87 to include the Parrish Quarry.

This report will show the areas reclaimed and the new areas opened up in the 1988-89 reporting period. The areas outlined in red are mining, stripping, and backfilling areas which are considered major disturbances. The areas outlined in green are the areas that have been reclaimed. The areas that are coss-hatched are areas where new work was accomplished during the reporting period.

The mining and stripping areas which are considered major disturbances include: areas (BB) 3.1 A, and area (PP) 6.8 A which were opened in 1987. 0.93 A remain disturbed in A pit where the construction camp is located. All total, there are 10.83 acres under major disturbance in the mining area.

7.78 A in area (V), 5.53 A in area (W) were reclaimed in the 1988-89 reporting period. To date, 72.85 acres have been reclaimed. Reclamation was accomplished using a dryland pasture mix which includes:

39% winter rye

13% ranger alfalfa

9% smooth broom

8% intermediate wheat grass

7% slender wheat grass

8% Nordan crested wheat grass

6% Russian wild rye

10% Jose tall wheat grass

These areas were seeded at approximately 50 pounds per acre and fertilized at the time of planting with a commercial fertilizer at a rate of approximately 200 pounds per acre. All areas are experiencing excellent growth. No reclaimed areas have been released from bond to date.

Plans for reporting period 6-89 to 6-90 include opening 3 acres in Pit B. No reclamation will take place except for touch-up seeding.
