

Notice of Intent to Continue Mining Operations
112 Annual Report

RECEIVED

SEP 08 1994

Permittee Name: Southwestern Portland Cement
Permit No: M-77-341
Operation Name: Parrish Quarry
Anniversary Date: 10-26-94
Total: \$550.00 (Due on your Anniversary Date)

Division of Minerals & Geology

1. Has this mine been granted TEMPORARY CESSATION STATUS? YES NO
Does this mine operate MORE or LESS than 180 days per year? MORE LESS
2. Does this mine have a phased reclamation plan? YES NO
3. Permitted acreage: 196 acres
4. Total acres affected during the report year: 10.5 acres
5. Total acres reclaimed for the report year: 27.03
6. Total acres in various stages of reclamation:*
- | | |
|-------------------------|---|
| a. Backfilled: <u>0</u> | d. Topsoil replaced: <u>0</u> |
| b. Graded: <u>4.5</u> | Average topsoil thickness replaced: _____ |
| c. Seeded: <u>27.0</u> | |
- List species seeded & seeding rate for report year on back
7. The type and approximate quantity of fertilizers, organic material or soil conditioners used for the report year: ammonium nitrate/30 lbs./acre
8. Estimated total acres to be affected in the next report year: 14.5 acres
9. COMMENTS: _____

* Please show the location of the acreage for items 4 - 6 on your map**. Indicate the phases of the reclamation which have been completed, correlated with your timetable.

** NOTE: If there have not been any changes since the last annual report and you previously submitted a map which correctly depicts the current acreage in items 2 through 6, then a new map is unnecessary. However, you must state this fact above.

**RECLAMATION ANNUAL REPORT
LARIMER COUNTY PARRISH QUARRY
LYONS, COLORADO
PERMIT NO. M-77-341
1993-1994**

The purpose of this report is to comply with the Mined Land Reclamation Act of 1976, Statute 32-32-112 of House Bill 1065. This report follows the outlined requirements found in the Rules and Regulations of the Colorado Mined Land Reclamation Board, Section 2.4, covering annual reports. The Permit No. M-77-341 for Larimer County Quarry was issued June 4, 1978 and amended on September 25, 1987 to include the Parrish Quarry.

This report will show the areas reclaimed and the new areas opened up in the 1993-1994 reporting period. The areas outlined in red include: mining, stripping, and backfilling areas which are considered major disturbances. The areas outlined in green are the areas that have been reclaimed or are partially reclaimed. The areas shown on the map include only areas where new work was accomplished during the reporting period.

The mining and stripping areas which are considered major disturbances include: 7 acres of area A3 and area B1, which includes 3.5 acres. All total, there are 10.5 acres under major disturbance within the mining area.

There are two areas that were partially reclaimed during the reporting period: 2 acres of area A7; and 2.5 acres of area B2. These areas have been graded for reclamation. A total of 4.5 acres were graded for reclamation during the reporting period.

There are seven areas where reclamation is complete. They include: area A1 which includes 4.6 acres; area A2 which includes 4.2 acres; area A4 which includes 7.5 acres; area A5 which includes 1.5 acres; area B3 which includes 8.5 acres; and area A6 which includes .73 acres. Seeding of these areas has taken place with a dry land pasture mix which includes:

- 39% winter rye
- 13% ranger alfalfa
- 9% smooth brome
- 8% intermediate wheat grass
- 7% slender wheat grass
- 8% Nordan crested wheat grass
- 6% Russian wild rice
- 10% Jose tall wheat grass

Reclamation was completed on a total of 27.0 acres during the reporting period. All areas are experiencing excellent growth. No reclaimed areas have been released from bond to date.

Plans for reporting period June, 1994 to June, 1995 include: completion of the reclamation within 2 acres of area A3 and the remaining 2.5 acres of B2; continuation of mining in areas B1 and A3; and initiation of mining on 2 acres in area A3.
