

Notice of Intent to Continue Mining Operations
112 Annual Report

RECEIVED
AUG 20 1946

Permittee Name: Southwestern Portland Cement
 Permit No: M-77-341
 Operation Name: Parrish Quarry
 Anniversary Date: 10/26/96
 Total: \$550.00 (Due on your Anniversary Date)

1. a. Permitted acreage: 196 b. County where mine is located: Larimer
2. Has this mine been granted TEMPORARY CESSATION STATUS? YES NO
Does this mine operate MORE or LESS than 180 days per year? MORE LESS
Does this mine have a phased reclamation plan? YES NO
4. Total acres affected during the report year:* 15
5. Total acres reclaimed for the report year:* 30.9
6. Total acres in various stages of reclamation:*
- a. Backfilled: 3.3 d. Topsoil replaced: _____
- b. Graded: _____ Average topsoil thickness replaced: _____
- c. Seeded: 22.4
List species seeded & seeding rate for report year on back
7. The type and approximate quantity of fertilizers, organic material or soil conditioners used for the report year:* Ammonium Nitrate/80 lbs/acre
8. Estimated total acres to be affected in the next report year:* 15
9. COMMENTS:

* Please show the location of the acreage for items 4 - 6 on your map**. Indicate the phases of the reclamation which have been completed, correlated with your timetable.

**** NOTE:** If there have not been any changes since the last annual report and you previously submitted a map which correctly depicts the current acreage in items 2 through 6, then a new map is unnecessary. However, you must state this fact above.

**ANNUAL RECLAMATION REPORT
LARIMER COUNTY PARRISH QUARRY
LYONS, COLORADO
PERMIT NO. M-77-341
1995-1996**

The purpose of this report is to comply with the Mined Land Reclamation Act of 1976, Statute 32-32-112 of House Bill 1065. This report follows the outlined requirements found in the Rules and Regulations of the Colorado Mined Land Reclamation Board, Section 2.4, covering annual reports. The Permit No. M-77-341 for Larimer County Quarry was issued June 4, 1978 and amended on September 25, 1987 to include the Parrish Quarry.

This report will show the areas reclaimed and the new areas opened up in the 1995-1996 reporting period. The area outlined in red includes mining, stripping, and backfilling areas which are considered major disturbances. The areas outlined in green have been reclaimed. The map only includes areas where new work was accomplished during the reporting period.

Section B1, the mining and stripping area expanded to 8.7 acres.

Reclamation is complete in three areas: A3 (8.5 acres), A7 (19.1 acres) and B2 (3.3 acres). We seeded these areas with a dry land pasture mix which includes:

- 39% winter rye
- 13% ranger alfalfa
- 9% smooth brome
- 8% intermediate wheat grass
- 7% slender wheat grass
- 8% Nordan crested wheat grass
- 6% Russian wild rice
- 10% Jose tall wheat grass

All areas are experiencing growth but have not been released from bond to date.

Our plans for the June 1995 - June 1996 reporting period are to continue mining section B1.

Jim Leiding
Mining Supervisor
