Dear Ms. Harvill:

In order to prepare our annual reclamation reports in an efficient manner, we prepare all of the reports at the same time. We typically have to request that the DMG mail us the "112c Annual Fee Invoice and Report Request Forms" for the Larimer County Quarry and the Dowe Flats Quarry in advance of the scheduled mailing date. Thus, effective September 1, 1997, we would like our anniversary dates for all of the above permits to be September 8. This should simplify the reporting process for both the DMG and Southdown. Please contact me if you have any questions.

Sincerely,

SOUTHDOWN, INC.
