RE: Lyons Quarry - File No. 77-208
Larimer County Quarry - File No. 77-341
Silica Quarry - File No. 77-361

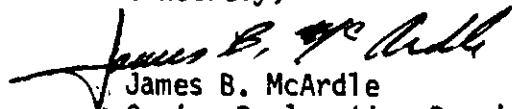

Dear Mr. Berg:

On April 24, 1984, the Division of Mined Land Reclamation received Financial Warranties from Southwestern Cement Enterprises, Inc. for the above operations (copy of cover letter enclosed). To date, we have not received the required Request for Transfer of Permit and Succession of Operator nor the performance warranty for each operation, therefore, Martin-Marietta is still the recognized operator.

I have enclosed a copy of each of the forms which must be completed for each operation separately. Upon receipt of the properly completed forms, I will schedule the matter for consideration at the next scheduled meeting of the Mined Land Reclamation Board.

I look forward to hearing from you shortly. Please feel free to contact me if there are any questions.

Sincerely,

James B. McArdle
Senior Reclamation Specialist
