Action taken at the August 23, 1984 meeting of the Mined Land
Reclamation Board

Dear Ms. Rasmussen:

The requested succession of operator from Martin Marietta to Southwestern Portland Cement Company has been denied due to failure to submit the required performance warranty for each operation. The Division cannot consider a technical revision submitted by Southwestern Portland Cement Company on August 13, 1984, until the company is the recognized operator.

Please feel free to contact me if there are any questions.

Sincerely,

James B. McArdle
Senior Reclamation specialist
