Re: Transfer of Mineral Reclamation Permit

Dear Ms. Chiappone:

Please find enclosed the executed original "Transfer of Permit and Succession of Operator" permit application for Southdown, Inc. for the following facilities:

1. Permit No. 77-361 for Silica Quarry
2. Permit No. 77-341 for Larimer Quarry
3. Permit No. 77-208 for Lyons Quarry

The executed original "Performance Warranty" is also enclosed for each facility described above. The Financial Warranty for each of these facilities has already been submitted.

As we discussed, Southwestern Cement Enterprises, Inc. and Southwestern Portland Cement Company were merged into Southdown, Inc., the parent company. The merger did not result in any change in personnel or current operations at these facilities.

Thank you for your assistance.

Sincerely,

*Janet Krolczyk*
