Dear Ms. Williams:

On March 5, 1997, the Division of Minerals and Geology approved the succession of operators from Southwestern Cement Enterprises, Inc. to Southdown, Inc. for the Larimer County Quarry. Southdown, Inc. is now the permitted operator of the Larimer County Quarry, and as such, is responsible for all provisions in Permit No. M-77-341, as well as those specified in the Rules and Regulations.

Enclosed is the American Casualty Company of Reading, Pennsylvania Corporate Surety Bond No. 702 5385, in the amount of \$28,000.00, and the Performance Warranty originally provided on behalf of Southwestern Cement Enterprises, Inc. These have been released as of the March 5, 1997 Division approval for the succession of operators. You should advise your insurance company of this release by copy of this letter.

If you have any questions, please contact me.

Sincerely,

Barbara D. Chiappone
